Welcome to The Reefhouse, Grace Bay's newest boutique resort. Designed by Strom Architects, this collection of 24 residences is set just back from Coral Gardens, the best-loved snorkeling spot on Providenciales. This 1,200 sq ft two-bedroom residence combines a one-bedroom suite with a studio for maximum flexibility. Owners can utilise the Residence as one two-bedroom residence, or as two separate units. The one-bedroom suite has a separate bedroom with a built-in closet, a living room, a kitchenette, a bath and laundry. The studio has one open room for sleeping and sitting, with its own kitchenette, bath and laundry. Each enjoys a full-width balcony with a glass balustrade that looks out to Grace Bay Beach. Finishes include large-format porcelain floors in a limestone tone, smooth plaster walls, and wood wall panelling with a built-in bench. Floor-to-ceiling impact-resistant sliding glass doors sit in dark bronze frames. The kitchenettes have olive-painted timber cabinets with open shelving, stone counters and backsplashes, brushed-brass fittings and energy-efficient GE appliances. The baths have timber vanities with stone tops, walk-in showers and LED mirrors. At beach level the building is open to the air. It has a large resort pool, a poolside fitness center, a coffee lounge and bar, a boutique, an open-air veranda and bicycles for residents and guests. Grace Bay Beach is about 200 yards away at Coral Gardens, and this area enjoys the many restaurants at the western end of Grace Bay. The Reefhouse is made up of sixteen studio and eight one-bedroom residences. It is designed as a classic Caribbean getaway, where owners and guests will enjoy a relaxed atmosphere amongst the cooling tradewinds. Residences form part of the on-site rental management program, so owners have a completely hands-free property to enjoy. Construction is expected to start in Q1 2027, with completion and rentals expected in Q4 2028. A furniture package is also offered separately for purchase.
